Curriculum Vitae
of
Peter Grandits
Technical University of Vienna
Institute for Mathematical Methods in Economics
Research group: Financial and Actuarial Mathematics

born on 21. 8. 1965 in Eisenstadt, Austria

education

1971 – 1983:
    primary and grammar school (BRG) in Eisenstadt

Oct. 1983 – May 1984:
    military service

1984 – 1991:
    study of mathematics and physics at the Technical University Vienna

Jan. 1989:
    graduation in mathematics

Juni 1991:
    doctor's degree in mathematics (sub auspiciis praesidentis)

scientific career

March 1988 – Feb. 1989:
    assistant at the Institute for Applied Mathematics (TU Vienna)

May 1992 – April 1994:
    assistant at the Institute for Theoretical Physics(TU Vienna)

May 1994 – April 1998:
    research fellow at the Institute for Statistics, University of Vienna

August 1998 – August 1999:
    UBS fellow at the University of Cambridge (England)

September 1999-June 2001:
    Assistant professor at the Institute for Statistics, Probability Theory and Actuarial Mathematics, TU Vienna

since June 2001 (Habilitation in Angewandter Mathematik): Assoc. Prof. at the Institute for Mathematical Methods in Economics, TU Vienna

Vienna, October 2009
